10pt Regular

Music is an art form and cultural activity whose medium is sound and silence. The common elements of music are pitch (which governs melody and harmony), rhythm (and its associated concepts tempo, meter, and articulation), dynamics (loudness and softness), and the sonic qualities of timbre and texture (which are sometimes termed the “color” of a musical sound). Different styles or types of music may emphasize, de-emphasize or omit some of these elements.

The Northern Block type foundry was created by Jonathan Hill in 2006 with the goal to design new and original typefaces. Over almost a decade, the company has been producing quality typefaces with a modern aesthetic that appeals to the latest breed of font users including Electronic Arts, Ubisoft, McCann, Interbrand, Triumph and Harman Kardon. In 2013, MyFonts voted the Bauhaus-inspired font Corbert amongst the most popular sans serif designs. More recent achievements include two international awards in the 2014 Hiiibrand Typography (Latin) Typeface Category for the fonts Modum & Merel. With further expansion into corporate design, font development and non-latin language support The Northern Block makes the perfect partner for your typeface project.
