

Mynor Type Family

Mynor is a modern squarish sans inspired by machine-readable typefaces of the 1950s. Smooth curved contours with a humanist touch sit in harmony alongside pure straight lines. Contrasting shapes create a modern aesthetic pleasing to the eye and pixel perfect execution for modern-day scenarios.

MYNOR LIGHT COMPACT 25/27

Apart from its intrinsic value as a remarkable survival of an ancient and astonishingly beautiful work of art, the manuscript displays a unique combination of artistic styles that reflects a crucial period in England's history. Christianity first came to Britain under the Romans, but subsequent waves of invasion by non-Christian Saxons, Angles, and Vikings drove the faith to the fringes of the British Isles. The country was gradually reconverted from 597, after St Augustine arrived from Rome to convert the pagan 'Angles into angels'. Religious differences between the indigenous 'Celtic' Church and the new 'Roman' Church were settled at the Synod of Whitby in 664. In the manuscript, native Celtic and Anglo-Saxon elements blend with Roman, Coptic and Eastern traditions to create a sublimely unified artistic vision of the cultural melting pot of Northumbria in the seventh and eighth

MYNOR REGULAR COMPACT 15/17

Apart from its intrinsic value as a remarkable survival of an ancient and astonishingly beautiful work of art, the manuscript displays a unique combination of artistic styles that reflects a crucial period in England's history. Christianity first came to Britain under the Romans, but subsequent waves of invasion by non-Christian Saxons, Angles, and Vikings drove the faith to the fringes of the British Isles. The country was gradually reconverted from 597, after St Augustine arrived from Rome to convert the pagan 'Angles into angels'. Religious differences between the indigenous 'Celtic' Church and the new 'Roman' Church were settled at the Synod of Whitby in 664. In the manuscript, native Celtic and Anglo-Saxon elements blend with Roman, Coptic and Eastern traditions to create a sublimely unified artistic vision of the cultural melting pot of Northumbria in the seventh and eighth centuries. The Lindisfarne Gospels, and others like it, helped define the growing sense of 'Englishness' – a spirit of consolidated by the Venerable Bede, the historian monk, in his 'History of the English Church and People', completed in 731. Apart from its intrinsic value as a remarkable survival of an ancient and astonishingly beautiful work of art, the manuscript

MYNOR LIGHT EXTRA CONDENSED 25/27

Apart from its intrinsic value as a remarkable survival of an ancient and astonishingly beautiful work of art, the manuscript displays a unique combination of artistic styles that reflects a crucial period in England's history. Christianity first came to Britain under the Romans, but subsequent waves of invasion by non-Christian Saxons, Angles, and Vikings drove the faith to the fringes of the British Isles. The country was gradually reconverted from 597, after St Augustine arrived from Rome to convert the pagan 'Angles into angels'. Religious differences between the indigenous 'Celtic' Church and the new 'Roman' Church were settled at the Synod of Whitby in 664.

Apart from its intrinsic value as a remarkable survival of an ancient and astonishingly beautiful work of art, the manuscript displays a unique combination of artistic styles that reflects a crucial period in England's history. Christianity first came to Britain under the Romans, but subsequent waves of invasion by non-Christian Saxons, Angles, and Vikings drove the faith to the fringes of the British Isles. The country was gradually reconverted from 597, after St Augustine arrived from Rome to convert the pagan 'Angles into angels'. Religious differences between the indigenous 'Celtic' Church and the new 'Roman' Church were settled at the Synod of Whitby in 664. In the manuscript, native Celtic and Anglo-Saxon elements blend with Roman, Coptic and Eastern traditions to create a sublimely unified artistic vision of the cultural melting pot of Northumbria in the seventh and eighth
